A Grayling resident, on a minimum security early release from prison, was arrested by Grayling City Police and charged with three counts of larceny from an auto. Several automobiles were illegally entered in the parking area by the Sawmill early Sunday morning, Feb. 2. Police said no name could be released until the suspect was arraigned in 83rd District Court.

### Camp Shawono Runaways Caught

The Crawford County Sheriff Dept. and Grayling City Police used the help of citizens and caught three Camp Shawono runaways Wednesday, Jan. 29.

Robert Terry let police officers use his snowmobile and other citizens helped in the tracking of the runaways. Warrants were being sought for illegal entry of an occupied residence for the trio.

### Winter Carnival Parade Saturday

Plans are being finalized for the Grayling Winter Sports Carnival Parade to be held this Saturday, February 8th starting at 11 o'clock, according to Bill O'Brien, parade chairman.

The parade will start at the corner of Lake and Maple Street and proceed to Michigan Avenue and will end at the county building.

O'Brien said Monday, that he has had commitments from Captain Cherry of Traverse City, and the 1st place winner at Tip-Up-Towns parade. The float is by the Houghton Lake Merchants Association, to add to the parade.

One of the most unique entries, O'Brien stated, "will be a two car train owned and operated by members of the Firemen's Memorial in Roscommon."

The train can hold up to 50 people, and anyone interested in riding in the parade should call O'Brien at 348-5172 or the Chamber of Commerce office, 348-2921 or 348-7315.

## \$500 Medallion Found On 10th Day of Hunt

Gerald Casey, of Grayling, found the \$500 Medallion Monday morning on a tree approximately 84 feet behind the large welcome sign to Camp Grayling.

Casey and his son, Caleb, 10, were parked at the Camp Grayling chapel at 7 a.m. waiting for Monday's clue to be broadcast. After the clue, he drove around Camp looking for four lights. It was still dark and he found four bright lights near the Camp entrance.

On Sunday, Casey and his wife, Ginger, had checked 84 feet from the Guard shack and other objects around the entrance. The only large object they had not checked Sunday was the large welcome sign.

Monday morning, that was the first place Casey decided to check. The Caseys had earlier measured a rope for 84 feet so Gerald pulled out the rope from the third leg of the large sign and headed due south. He didn't find anything. He started to check another direction and as he was pulling the rope to get around a tree and he looked up and found the medallion wired to a tree about five feet off the ground.

"We knew the object mentioned in the 2nd clue had to be a huge tree, a sign, or some large object people could find," Gerald Casey said.

Casey said there may have been 20 other persons searching Camp Grayling that morning. He said last year's medallion winners, Monica and Don Ashton, were searching an area only about 50 feet away when he found the medallion.

The Caseys figured out every daily clue to lead them to the jackpot. Clue #1 told everyone to multiply numbers by two and

that was important to find the big medallion and some small ones.

Clue #2 was very important telling everyone it was 84 feet behind an object. The assumption by the Caseys that this object would be a large, recognizable object helped them get to the medallion first. Clues #3-7 mention a bridge across the AuSable, 72, Hanson's game preserve, a red light at night (one can be seen from the M-93 hills), and 93. Put together, the clues point the hunter toward Camp Grayling. Clues #8 and #9 draw the hunter a little closer to the entrance of Camp Grayling by mentioning the MP checkpoint sign and the 25 mile per hour sign you see as you approach the main entrance.

The 10th clue mentioned the four lights around the guard shack and big welcome sign. The 11th clue said to turn left at the 32nd Red Arrow Division sign in front of the guard shack. That would have pointed right toward the medallion. The 12th clue mentioned the big welcome sign at the entrance.

In addition, the first letters of the 12 daily clues spelled out "HAVE A NICE DAY." Some people thought this was a joke because last year a clue was also spelled out with the first letters. But near the guard shack there is a sign that says "Have a Nice Day."

Another pattern to re-inforce the daily clues was that the last letters and numbers (you had to multiply by two) spelled out R4W T26N Sec. 22. Range 4 West, Township 26 North, Section 22 is where the medallion was hidden.

## \$60,362 Jail Project Approved by County

A \$60,362 jail renovation project was approved last Thursday by Crawford County Commissioners at their regular board meeting.

A bid from Clemenes Construction, of West Branch, was accepted for the project and Donald Morgridge, of Gaylord, was hired as the architect in charge of the renovation.

The project will add a 20-foot by 20-foot indoor exercise or multi-purpose room, improve the detoxication holding cell, and remodel the visiting area to make a secure visitation area.

Because of demands by the state department of corrections for Crawford to make these improvements, Commissioner Larry Mattis said Thursday, "We're at a point where we can't afford not to go ahead with this project."

The commissioners voted 6-0 to approve the \$60,362 contract for the project. Andie Neilson was absent from the meeting because of illness.

In other action, by a 5-1 vote the board supported a proposed change of Camp Shawono to a medium security training center and regional detention center.

Commissioner Jeannette Kitchen said

Senator Connie Binsfeld requested the board show their position on the proposal because her senate committee would be reviewing the Camp Shawono proposal soon.

Commissioner Bud Joyce voted to support the proposed change and said it would increase the number of jobs at Camp Shawono from about 30 to 50. And he added the jobs were well-paying state jobs, not minimum-wage jobs.

Joyce said the negative thing about the proposal was that the camp would be holding more serious types of juveniles. He pointed out, however, that security would be increased.

Kitchen said most of the community supported the change. She also said the proposed change could help our own juvenile problems in the county.

Joyce said Camp Nokomis crews would be available to perform work currently done by Camp Shawono.

Larry Mattis was the only commissioner to vote against supporting the proposed change. He said he realized it would bring in more jobs but he had a bad feeling about bringing more serious offenders into our area without being better prepared for it.

## County 85-86 United Way Campaign Exceeds Goals

After a very successful United Way campaign, Mo McNamara, Crawford County United Way campaign chairperson would like to share her gratitude to a special community.

Mo feels that the success of the 1985 United Way campaign was: "The result of the dedication and hard work of a great many people in our community. It represents what can be achieved in a short period of time when people work together towards a common goal. So many people were involved in the campaign that I hesitate to mention names for fear of omitting someone. I think the United Way is the most efficient "Free Enterprise" way of funding human service agencies. We're proud of the fact that the Crawford County United Way had the highest percentage increase of any other United Way in the entire state, thanks to the terrific generosity of so many people. Yet, our local United Way is a fairly young

agency, and I believe has the inherent potential to include many more local agencies and organizations in the future when giving "the United Way" has become more of an accepted standard way of funding local agencies. Working on the United Way campaign has been a very rewarding experience for me."

Many positive changes assisted in this years tremendous goal increase. We were extremely pleased with the new participation of Camp Grayling, the participation of County employees, and last but definitely not least, the huge success of our United Way auction!

The attached information is the collected data for the 1985/86 campaign progress as of January 24, 1986.

## Commissioner Seeks Tax Hike on Military Land

For the past seventy three years, Crawford, Kalkaska, and Otsego Counties have received ten cents an acre for certain designated military lands because of Public Act 172 of 1913. Crawford has 29,400 acres of such land, Kalkaska has 14,300 acres and Otsego has 1,250 acres.

Recently, however, while reviewing this

Act, Commissioner Garland (Bud) Joyce read the last page more closely and learned that the Act actually reads "shall pay the equivalent of ten cents an acre". Joyce reasoned that ten cents in 1913 is certainly not economically ten cents in 1985. He had maps drawn of Crawford's acreage by the

## From Our Corner...

Nice things we like to write about...especially, girls...following a couple week's of all types of activities, leading up to last Saturday night, eight Grayling gals participated in a contest to be named Miss Grayling 1986...

At a capacity house at the Joseph Stripe Auditorium at Grayling High School, Miss Stephanie Hindmarsh won the coveted title as Miss Grayling, and the first step towards the 61st annual Grayling Winter Sports Carnival was completed...

Along with the new queen, Christine Best was selected as 1st runner-up and Kimberly Springer was named 2nd runner-up...

Besides the top title, Queen Stephanie also won the evening gown award as well as the talent award...the new queen shared the Miss Congeniality selection with Michele Ann Moshier...

The lovely queen will be introduced officially at the annual Winter Sports Carnival kick-off dinner this Thursday evening, February 6th at the Chief Shoppenagons Motor Hotel, and as her first line of duty she will reign over the 61st carnival this Saturday and Sunday, February 8th and 9th at Hanson Hills, the winter sports site...

The new queen will now represent Grayling at all kinds of functions here at home, and at other festivals...

Our congratulations and a Tip of the Derby to all of you lovely lasses who competed in this year's contest...

An invitation by the several committees who have worked on this annual event is offered to one and all to come and enjoy a fun filled weekend of winter sports...

Would you believe?...a Dane could acquire a taste for Mexican food, especially when you are raised on cream and butter, and all the fancy Danish pastries...while table pepper was probably the hottest thing I ever ate...

Well, this Dane has...only for nachos that is...our biggest problem is the amount you get in a serving...we were introduced to Nachos at Patty's Country House, and last Friday night we were out there and again I ordered a Nacho, small one that is, I would hate to try and eat a large one...anyway, once again I was only able to eat about a third of it...Saturday, we were thinking maybe the next time I'm out there I can get Patty to cut the recipe in half and serve me a tiny Nacho...

...while at Patty's I met John Baker for the first time, and now I know how come he and his partner won so many AuSable Canoe Marathons...he's a big fella...

...before we left, we were instructed by Harry Wolfenbarger, Past President of the Booster Club to put a plug in our column to the fact that the club was sponsoring a pancake breakfast...

So, here it is folks, this coming Sunday morning forget about breakfast in bed and come to the Legion Hall and indulge in a Lumberjack Pancake Breakfast...the tariff is only \$3.50, and for young ones, \$2.50...this is your chance before you head for church, or even after, if you sleep late, or you may be headed for winter fun at Hanson Hills...serving is from 8 til noon...

You know something? in our racket, we have found out that new grandfathers will go to no length to let the world know that they are a granddaddy...

One of the more unusual was Friday...we received a call from Mobile, Alabama from Al Barkley, former resident of Grayling that his daughter Melody gave birth to a 7 lb., 15 ozs. boy, Daniel Christopher Newton...for the newcomers here, Al was purchasing agent for Bear Archery when they were here...we did reassure Al, that he will get accustomed to sleeping with a grandmother...

Another goes to bed, and with it our goodnight to T.J., Stefany and Amber, and to all who may come in contact with our corner, if you like winter sports, Grayling is the place to be this weekend...

## The Bible Speaks

From Calvary Baptist Church

### ECUMENICAL AUTHORITY

What is the absolute authority of the ecumenical movement? What is the reaction when this authority is challenged?

"The Bible Speaks" column has stood for 13 years for absolute faith in all 31,175 verses of the 1611 King James Bible as the absolute authority of God's Holy Scriptures. No other clergyman in town has been willing to stand on that position.

The ecumenical movement is replacing the authority of the Bible with theological consensus. By this we mean that truth and right as promoted by this movement is determined by what all the clergy can agree upon. Truth is sacrificed on the altar of unity. Where theological consensus has replaced God's Holy Scriptures, a challenge to the position of the ecumenical movement is equated with an attack upon their divine authority. Those who still stand on the absolute authority of God's Holy Scriptures alone are branded both privately and publicly. During the past 13 years loving, liberal, local clergy have publicly accused me in the Avalanche with being biased, narrow, confusing, dangerous, dishonoring, and demonic in my teaching.

The error of reliance upon theological consensus for truth is easily seen by examination of such preaching and practice. For example, they can take a united stand against capital punishment to defend the life of guilty criminals, but they can't take a united stand against abortion to defend the life of America's most innocent, helpless, and harmless human beings. They can take an international stand against racial discrimination, but they refuse to take the same stand against atheistic communism which discriminates against all of our most basic human rights.

Is it any wonder Americans are losing their love for God's Word today? (2 Thess 2:10). Is it any wonder "the way of truth shall be evil spoken of"? (2 Peter 2:2). As Isaiah the prophet said, "truth is fallen in the street." (Isaiah 59:14). As Jeremiah the prophet said, "truth is perished, and is cut off." (Jeremiah 7:28).

You can still know absolute truth today by reading your King James Bible. Jesus said, God's Word is truth. (John 17:17). Jesus also said, "and ye shall know the truth, and the truth shall make you free." (John 8:32). Come to Jesus Christ through the Holy Scriptures. "If the Son therefore shall make you free, ye shall be free indeed." (John 8:36). Ecumenical authority is in man. Divine authority is in God's Holy Scriptures.

local community, current  
services available and

## Wrong Name Used in Case

Daniel Abeare, 33, allegedly  
used the name and ad-  
dress of his deceased brother  
Jerry Abeare when being  
cited by a DNR Conservation  
Officer for hunting from a  
motor vehicle and not  
possessing a deer license.

The name of Jerry Abeare,  
who died in 1977, appeared in  
Magistrate news published in  
the Avalanche in Decem-  
ber, 1985. Jerry Abeare, the  
son of Mr. and Mrs. Chester  
Abeare, of Grayling, had no  
connection with the two cita-  
tions, and the Avalanche of-  
fers its apologies for any in-  
convenience as a result of  
the wrong name being

## Local Photographer Wins 3 Ribbons

A regional "print judging  
and critique" for profes-  
sional photographers was held at  
the Holiday Inn in Grayling  
on Sunday, January 26th. All  
nine participating photog-  
raphy studios are members  
of the Northern Michigan  
Professional Photographers  
Association.

Judges for the event were  
Ron Komerick, president of  
the Detroit Professional  
Photographers Association,  
and Brian Campman, of  
Photo Images in Chicago,  
one of the leading illustra-  
tive and commercial pho-  
tographers of the Midwest.

Each photography studio  
submitted four 16" x 20"  
photographs to be judged  
and critiqued. Larry  
Wyman, of Alpena, received  
the only Blue Ribbon. There  
were approximately six Red  
Ribbons awarded and the  
balance of the entries  
received Awards of Merit  
with White Ribbons.

Our local photography  
studio, Adams Photography,  
entered for the first time and  
received three White Rib-  
bons.

"The competition is ex-  
tremely stiff. I was really  
impressed with the talent  
there. The state competition  
is in March and I'm looking  
forward to attending  
although I'm at least one  
more year away from that  
level of competition," said  
Adams.

## Better Blend

Wool blended with nylon  
is lighter in weight and has  
greater durability than wool  
alone. A 10 to 15 percent  
nylon improves elasticity,  
resilience and shape reten-  
tion.

## Arthritic Conditions

Arthritis and rheumatism  
describe many different  
diseases, but they both share  
the same features - pain,  
swelling, and difficulty in the  
normal movement of one or  
more joints. Some types of  
arthritis affect only one  
joint, whereas others affect  
many.

Some are more common in  
older people and others are  
rare in people of all ages.

Many older people assume  
that their aches and pains  
are the result of arthritis,  
and that arthritis is a natural  
consequence of aging. Both  
of these assumptions are far  
from the truth.

The most common type of  
arthritis in the older in-  
dividual is osteoarthritis,  
which usually affects one  
joint at a time; although  
many joints can gradually  
become involved. Osteo-  
arthritis is caused by a  
gradual but progressive  
wearing down of the joint  
bones.

The cause of the destruc-  
tion is not completely known.  
In some people it appears to  
be the result of a previous in-  
jury or trauma; in others it  
appears for no apparent  
reason. The end result, how-  
ever, is that the joint sur-  
faces become painful when  
moved.

The best treatment de-  
pends on the variety of ar-  
thritis and other medical prob-  
lems that exist at the same  
time. No single treatment  
exists for all types.

Some non-drug treatments  
that are useful in the  
management of arthritic  
conditions are: physical  
therapy, including local  
heat, massage, whirlpool  
treatments, shortwave  
radiation, splinting,  
mechanical aids, and the  
retraining of walking habits.

If your doctor suggests  
physical activity, you may  
find swimming very benefi-  
cial. Many of our Grayling  
seniors are swimming at  
Grayling Holiday Inn every  
Wednesday at 1:00.

A physical therapist is in  
charge of the program and  
there is no fee. Just bring  
your swimming suit, a towel  
and yourself and meet in the  
lobby at 12:45 on Wednes-  
days.

## To see the world, join congress

by Richard Milliman

ONE OF THE STOCK pieces of advice to young people used to be: "Join the Navy and see the world." As a matter of fact, that was one of the recruiting inducements the Navy cited to spur enlistments.

But a recent review of congressional travel records seems to indicate that a much more effective way to see the world is to be elected to Congress.

During the past year, at least 10 Michigan members of Congress and Michigan's two senators traveled to all parts of the world, at a total cost to taxpayers of \$87,000, according to a recent review by Associated Press.

**CHAMPION MICHIGAN** travelers were three members of the House Foreign Affairs Committee, whose congressional assignment might dictate travel.

Rep. Howard Wolpe of Lansing visited 11 countries, while Reps. Mark Siljander of Three Rivers and George Crockett of Detroit each hit 10 different countries. Crockett stayed out the longest, however, totaling 43 days on his various trips.

Mr. Wolpe is strongly defensive about foreign travel by congressmen. He says trips are "extraordinarily important" to help keep members informed about the issues on which they vote.

"MEMBERS OF CONGRESS are asked to make decisions of foreign policy as well as domestic policy," says Wolpe. "I cannot tell you the numbers of times decisions are made in the context of total and absolute ignorance... I just wish more members would have more direct contact with the actors and the forces involved in other countries."

There are contrary opinions, of course. Sen. Don Nickles of Oklahoma is pushing legislation to curb overseas travel, keep better records on it, and require more stringent controls overall.

"I think a majority, but not all, of congressional travel is a waste of tax dollars," claims Sen. Nickles.

**MR. WOLPE** SPENT 31 days abroad

### Senate Republicans Unveil Income Tax Rollback Compromise

A Senate Republican tax cut plan with lower costs this year but higher costs in future years by now tying property tax relief to an income tax rollback, was greeted skeptically Thursday by the Blanchard administration and House Democrats.

Democrats, who said the plan would produce deficits, said the House would take action on an existing proposal if agreement with Senate Republicans is not reached in 10 days.

Senate Majority Leader John Engler (R-Mt. Pleasant) offered the plan as a compromise to settle the rollback issue following the establishment this month by Governor Blanchard of an escrow account to insure a rollback on March 31, the date in the House proposal.

"We are interested in getting the tax rollback debate behind us, but we can't in good conscience give in on the rollback date without offering the taxpayers some form of additional relief," Engler said.

The plan announced by Mr. Engler and Senate Finance Chairman Norman Shinkle (R-Lambertville) provides a rollback of the tax to 4.6 percent on February 14 and increase property tax credits for senior citizens, the working poor and small businesses.

Compared to the March 31 rollback, the proposal would cost an additional \$76 million — \$53 million for the earlier income tax rollback, \$13 million for senior citizen property tax relief and \$10 million for relief for the working poor.

The January 1 date Senate Republicans had been pushing would have cost \$110 million more.

Engler said even projections for the 1985-86 fiscal year by the Dept. of Management and Budget, which has been more conservative than Senate estimates, will show the state can afford to give the additional relief.

He said Senate figures show a 1985-86 surplus of \$110 million even with the additional tax cuts.

"Before the Governor cries 'voodoo bookkeeping,' he should analyze this proposal very carefully. It is a fair compromise. It is affordable," Shinkle said.

Treasurer Robert Bowman said the proposal is "financed out of thin air. We again welcome Senator Engler to the crusade of Democrats to cut property taxes. We wish he would also join the crusade for balanced budgets."

Adding property tax relief requires closing other tax loopholes, as the Governor proposed in his tax reform plan last year, he said.

The attraction of the House proposal, Bowman said, is that instead of

last year with stops in 11 countries — France, Gabon, Mozambique, Kenya, Israel, Egypt, Sudan, Ethiopia, Kenya, Somalia and Italy — studying problems of trade and famine. Cost to the taxpayers was figured at \$18,700.

Mr. Crockett visited 10 countries — Brazil, Peru, Argentina, Barbados, China, Thailand, Hong Kong, Jordan, Israel and Italy — taking 43 total days to cover his globe-girdling itineraries.

Cost to the taxpayers was figured to be at least \$19,700 — possibly more. Mr. Crockett studied such diverse problems as trade, crime and the Middle East muddle, with some of the costs picked up by private sources.

Mr. Siljander's 10-country tours included Portugal, Belgium, Israel, Denmark, Russia, Austria, Egypt, South Africa, Mozambique and Taiwan. Cost to taxpayers was figured at least \$11,900; some of his costs also were borne by private sources.

**INTERESTINGLY ENOUGH**, Michigan has one more member of the Foreign Affairs Committee; Rep. William Broomfield is ranking Republican member of the committee, and would become chairman if Republicans should win control of the House. Mr. Broomfield, however, made only one foreign trip in 1985, going to Switzerland to observe the opening round of the arms control talks between the United States and Russia.

Of course, Mr. Broomfield has likely been all over the world earlier in his 30-year congressional career.

Both Michigan senators — Sens. Donald Riegle and Carl Levin — made it abroad during the past year, as did Reps. David Bonior, John Conyers, Dennis Hertel, Sander Levin, Carl Pursell and Guy Vander Jagt.

So, if you want to see the world these days, don't bother with the Navy. Just get elected to Congress instead.

**BOOSTERS GIVE \$1000 FOR CLINIC** — Jim McClain, Grayling Youth Booster Club Treasurer, gives Jim Tobin a check for \$1000 for the Grayling Little League Baseball Clinic. The clinic is set for Feb. 15 and features former Yankee star Tom Tresh along with six other coaches and players.

## Mercy Proposes Improvements To Help Patients Enroute To Hospital in Ambulance

A proposal to allow for limited advanced emergency medical services while patients are enroute to Mercy Hospital, Grayling, is being established for Crawford and Roscommon counties, according to Gilbert Ruiz, vice president of operations at Mercy.

Mercy Hospital's plans to upgrade its communication capabilities with area ambulance providers will help improve the medical care received on the scene, commented Ruiz. Such limited advanced treatments as IV placement and airway control are just two of the additional services qualified EMT's will be offering to patients when the proposal is underway.

"Basically, this will enable paramedics to begin treatment of a patient at the time of pickup by an ambulance," explained Ruiz. "Under the direction of a physician, paramedics are qualified to perform certain procedures, administer medications, and perform other early treatment necessary."

Dr. Charles VanderRoest is heading up the program at Mercy Hospital, Grayling, and as Director of Emergency Services he is looking forward to the more advanced care to be offered to patients in need.

"Local ambulance services in Crawford and Roscommon counties will be able to provide better patient care quicker enroute, rather than having to wait until they get to the hospital," Dr. VanderRoest said. "Particularly for cardiac or major trauma patients, this immediate treatment could be vitally important to the

## Grayling Elementary Kindergarten Round-Up

Registration for the 1986-87 Kindergarten Class will be held on February 12th and 14th at the Grayling Elementary School. Children who will be 5 years of age on or before December 1, 1986 are eligible to enroll for kindergarten.

Registration will be done by appointment only from 9:00 to 11:00 a.m. and 1:00 to 3:00 p.m. on Feb. 12 and 14. Please call the school (348-7641, ext. 46) to schedule your appointment. We will begin scheduling of appointments on Feb. 4th. If you are not able to attend registration during the "Round-Up" days it is extremely important that you contact the school by February 12 to discuss other arrangement for

enrollment of your child.

Early registration of kindergarten children is extremely important as State requirements must be met before a child can be permitted to attend school. All children entering school must be up to date with immunizations, have vision and hearing testing, a physical exam, and produce a certificate of birth. Vision and Hearing screening will be held March 5th through 7th. Clinics for physical exams are offered by our local physicians. Appointments for both clinics will be scheduled by the Health Department for children registered for school. Immunization clinics are held monthly at the Health Dept.

Please bring your child's immunization records and a birth certificate for registration. If you do not have these documents but intend to enter your child in school in September, please call the school at once.

I urge you to attend this early enrollment session and be scheduled for the pre-school clinics to prepare your child for school entry. Children not meeting State requirements cannot be permitted to enter school.

## Resource Review

By Bruce Patrick  
Conservation Officer

Although it is hard to believe, considering the recent cold weather, longer days and the calendar remind us that spring break-up is right around the corner.

A perennial problem this time of year is dogs chasing and killing deer. A couple of warm days to put a crust on the snow and unthinking or uncaring dog owners set the stage for annual slaughter. Slaughter may seem a harsh word, but in many cases it is correct. I have seen places where a dozen deer had been killed over a couple of days by two or three dogs. I have seen pictures of a deer which had been literally stripped of its hide. The deer was still alive and had to be killed by the investigating officer when he arrived at the scene. For the most part, deer are simply killed or maimed, and the dogs set off after another.

The sad part of this is that by and large the dogs involved are family pets. In many cases, house dogs. It is not unusual that the pet which is sitting on the step when the owner goes to work and returns from work has spent the time between chasing deer.

The dog owner is responsible for the activities of his dog and is required by the dog law (Act 339, P.A. 1919) to keep his dog under control. The owner may also be liable to the state for any wildlife killed by the dog. "Owner" means: "every person having a right of property in the dog, and every person who keeps or harbors the dog or has it in his care, and every person who permits the dog to remain on or about any premises occupied by him."

Any law enforcement officer may kill a dog determined to be molesting wildlife.

Please accept your responsibility as a dog owner and keep your pet tied.

**St. Francis' To Sponsor Pancake Supper**

It was the tradition, during the season of Lent in Merry Olde England, to deny oneself of any rich or sweet foods (a great surprise for some, even today). In order to rid the manor house of all such delicacies, a great feast was prepared on Shrove Tuesday, the day before Ash Wednesday the official first day of Lent. Rich cakes were made, adding all the sugar and other seasonings which could be found in the house which were of a rich nature. The cakes could be likened to our pancakes of today.

In France, a similar tradition developed for the same reason. It was called Mardi Gras, which means (fat Tuesday) in French.

In keeping with these traditions, the Parish of St. Francis' Episcopal Church wishes to invite you to participate in our own celebration of Shrove Tuesday.

It has become a tradition for our church to have a Shrove Tuesday Pancake Supper, and this year's feast will be held on Tuesday, February 11, 1986 from 5:00 p.m. to 7:30 p.m. Donations will be \$3.00 for adults, \$2.00 for children under 12, and children under 6 may eat free.

The church is located on M-72 West and coming from its doors on that evening will be the tantalizing smells of plain and blueberry pancakes, potato pancakes with or without sour cream, smoked sausage and applesauce. You may have all the pancakes you can eat, so come and celebrate with us!

This year the St. Francis' congregation will be donating a tithe (10%) of the proceeds to Daniel's Den, Grayling's Christian Coffee House.

**BAGS BIG BUCK** — Douglas Legg of Grayling is shown here with his 14 point buck that he shot with his muzzle loader on December 8, 1985. The deer was shot in the Grayling area.

**Doodles From The Tall Timber**

by Wendell L. Hoover  
 Park Interpreter

At this time of the year the white stuff covering the landscape becomes a dirty word for some people, while others will try to make use of the snow for recreation until it becomes necessary to make trails with a shovel.

As much as some may dislike the snow it is vital for recharging groundwater supplies. In the lower peninsula evaporation is said to exceed precipitation by nearly half. Snow does more than provide much needed moisture however. A blanket of snow protects many plants and seeds from freezing which gives them a jump in the spring. The snow also protects small mammals such as mice and voles, who tunnel about beneath the white blanket, from various predators.

Interestingly enough the temperature beneath the snow at ground level remains nearly constant, which as I understand it is a little bit above freezing. It is this fact which helps many species of plants, insects and animals to survive in what is a hostile climate. The fact the ground is not frozen or at most very little also helps the water from the melting snow soak into the ground where it will be available later in the year.

### American Legion Auxiliary News

by Laurie Jensen,  
 P.R. Director

I have to give a salute this week to a lady who is very active behind the scene. Ceil Cole doesn't receive the acclamation she deserves. Ceil is in her 80's. When there is something to be done she is there saying What can I do? What you should be asking yourselves is, Why am I not this active, I am a lot younger than she is. Shouldn't I be doing something. When we have activities think about what you can do and offer yourself.

Ceil, I salute you. If I had an award for good service you would have it.

You really missed a nice ceremony Sunday. We had an initiation and awards ceremony. Many received awards for their years of service to the Auxiliary but most were not there to receive their 5, 10, 15 and 20 year guards.

Our District President, Sue Cross of Midland was here to initiate the new members into Grayling's Auxiliary Unit 106. I was shocked to see that out of 117 members, there was only 21 present. It seems that many of you are just a Card Holder and not a supporter. I wonder what is going wrong with our Unit. Are you unhappy with us, or don't you really care? It is beginning to look like our Unit and our Post have lost something because the same people come to the meetings and activities and these are few in numbers.

If anyone out there can answer my questions, I would appreciate your input.

### Editor's Mailbox

Jan. 28, 1986

Dear Sir,  
 I would like to comment on some statements made by Pastor Regan in his letter to you in the Jan. 23 issue. He stated that "The Bible Speaks" does not often speak "about or from the Bible as a whole", deals with "a rather narrow topic", and is "biased".

First, the Bible is the inspired, inerrant, infallible Word of God (2 Tim. 3:16-17). "The Bible Speaks" upholds this basic truth. In a column this size little more can or need be said "about" the Bible.

Second, is it wrong to speak from the Bible about a narrow topic such as abortion, human rights or heresy? Jesus often did this (John 3 Mt. 9:15-17).

Third, who is not biased? Pastor Regan quoted John 14:6. Jesus showed bias here for he excluded ANY other way of salvation. Being biased does not necessarily mean being wrong.

Fourth, as to using only a portion or portions of Scripture to make a point, so what? If Scripture plainly teaches a particular truth, then only a few verses are needed to illustrate that truth.

Fifth, I have no problem with the truth of John 14:6. I would ask, however if each member of the Ministerial Association believes the Bible to be the INERRANT Word of God, that Jesus alone is the way of salvation, not a church, sacraments, good works, human reason, etc. The Gospel also deals with more than just salvation. Jesus said His Gospel changes lives. Does the Gospel preached by these men encourage Godly living and separation from evil? If the answer is "NO", their gospel is false.

I do not know all the men of the Ministerial Association so I cannot say what they preach as individuals. The teachings of their denominations, however, are most evident and speak for themselves.

To The Editor,  
 I would like to thank all the people who stopped to help or show concern after my accident on M-93 near the Guard Camp entrance early Monday morning.

It demonstrates to me that the people in Grayling care about their neighbors, and are not afraid to get involved when someone is in need.

Sincerely,

Broadway Musical Next!

### Grayling Inn Country's Newest Theatre

At least in the minds of those who are involved with it, there is little doubt that the Grayling Holiday Inn is rapidly on its way to becoming recognized as northern Michigan's newest theater attraction. The Inn and H.T. Productions, a local organization, have combined their efforts and are now in production, of their third show of the season, a Broadway Musical entitled "Rainbow Jones". Previously the group has produced the comedies "Love, Sex and the I.R.S." and "Opal's Million Dollar Duck."

For the production, the banquet facilities are turned into a theatre, complete with elevated stage, professional lighting equipment and seating for 200. An adjacent room is turned into an attractive theatre, complete with billboards, snacks and a cash bar.

The current production, "Rainbow Jones", is scheduled for three performances

on February 14, 15 and 16, 1986. The Friday and Saturday performances are scheduled for 8:00 p.m. while Sunday's performance will be a matinee beginning at 2:30. Doors to the theatre open one and one-half hours before curtain and dinner is served beginning one hour before curtain. All seats for the performances are reserved and may be purchased at the sales office of the Grayling Holiday Inn. Price of admission is \$12.50 which includes reserved seats for the performance and a full course, plate served meal. Dinner is served prior to the show with dessert served during intermission.

Currently, the Grayling Holiday Inn and H.T. Productions are developing a full year's schedule of performances for the coming season. For more information about theatre in Grayling or to place ticket orders call, 348-7611 in Grayling or 800-292-9055 outside Grayling.

### Herbal Corner

Presently, I am teaching Culinary classes in Gaylord for the Community Education at the high school. One of the questions I found curiously confusing for some of my students is the subject salt.

Salt is salt is salt. Though not as profound as the rose, salt — as the rose — does come under different labels. MSG is mono-sodium glutamate (which has been known to increase blood pressure almost instantly after consumption — especially for those with allergies), sodium bicarbonate is in baking soda, sodium chloride is salt — anything labeled sodium, Na, soda, or salt should be classified as salt for those who must restrict its use in their diet. This, darlin', includes sea salt.

Sea salt comes from the ocean. Sea water is poured through a strainer that removes impurities and foreign objects then is dried with nothing added. Table salt has Iodine added because land salt does not usually contain this mineral, and some soils in America do not have enough Iodine in it to supply our bodies the needed amount for our health. Unfortunately, dextrose (sugar) is also added to table salt. Sea salt without the sugar tastes saltier and requires less to use.

2000 mg of salt is all a normal person needs during a day's time to maintain good health. There are exceptions to this rule as when one sweats (sorry - perspires) a great deal. Have I got you thinking about the 2000 mg (milligrams)? It is equal to one teaspoon. Think twice before you use that salt shaker, darlin'.

Next week we will discuss using herbs instead of salt as well the difference between soy sauce and tamari.

Herbally yours,  
 E. Diona Cerelli, C.H.

## Medallion Hunt

(Continued From Page 1)

The Caseys will collect the \$500 prize — donated by Chemical Bank, Grayling State Bank, and Old Kent Bank — at the Kick-Off Dinner Thursday for the Winter Sports Carnival.

Three other medallions were located during the second week of the hunt. Becky and Randy Snook, who live on M-72 East, got to the Kneff Lake small medallion first Sunday to claim the Golden Touch gift certificate.

The entire day shift of the sheriff dept. found the Laura's Main Street Florals medallion Tuesday around a flag pole at the courthouse.

The 7-Eleven medallion hidden at the south Rest Area was finally turned in Tuesday by Charlene Blaine.

Clue No. 6 - Now, don't trash this clue, you'll be down on your luck. I'm in Beaver Creek near a red fire truck. But if it's gold you seek, what you want to see, is 1/2 red light at night instead of 3.

Clue No. 7 - In the interest of health, a dog must rest. At a stop in the south, your chances are best. 46 1/2 will be so much fun. It will make you get up and run.

Clue No. 8 - Cameron Bridge Road was last

year's place. It's way up north, has lots of space. Go there again, have lots of fun. Look for a sign that says 1 1/2 ton. After you go, check your gauges. Cause Ma and Pa don't pay the wages.

Clue No. 9 - Even I remember Morton Kneff did take 2,001 1/2 vacations at a nearby lake. But once he got there, he could not drive. And 12 1/2 miles an hour was all he could drive.

Clue No. 10 - Drown some worms and catch a fish. Or off to a hatchery, you'll find your wish. Overlooking the area is a black and white sign. Examine the bottom and open the wine. If you at night are in a panic, look for two lights and don't be so frantic.

Clue No. 11 - And now to you guys who ride in the cars. The sides of which have large golden stars. The State of Michigan is now on a roll. Look for me wired at the bottom of the pole. If glory you seek, don't shoot down a sparrow. Turn left at the pointed 16th red arrow. You're getting close and now having fun. Tomorrow there will be a victorious 1.

Clue No. 12 - You seek the treasure and should be staying. Near the entrance of good old Camp Grayling. You better be close to a sign so free. And on that sign are emblems three. Now go behind that sign so big. The treasure you seek is wrapped round a twig. Now off you go, wasn't it fun. To be the victorious grand number 1.

### Viking Skiers Beat Gaylord Lose to Harbor

Heather Derenzy placed 14th in slalom, and Robin Sellers was 14th in giant slalom.

The boys were led by Jason Welser placing 3rd in slalom and giant slalom; Kevin Reynolds placed 6th and 11th; Ralph Oppermann

9th and 13th; Flaskie Robins 11th and 12th; Tim Hickey 8th and 15th; and Mike Burkley disqualified in slalom and placed 17th in giant slalom.

## Military Land Tax

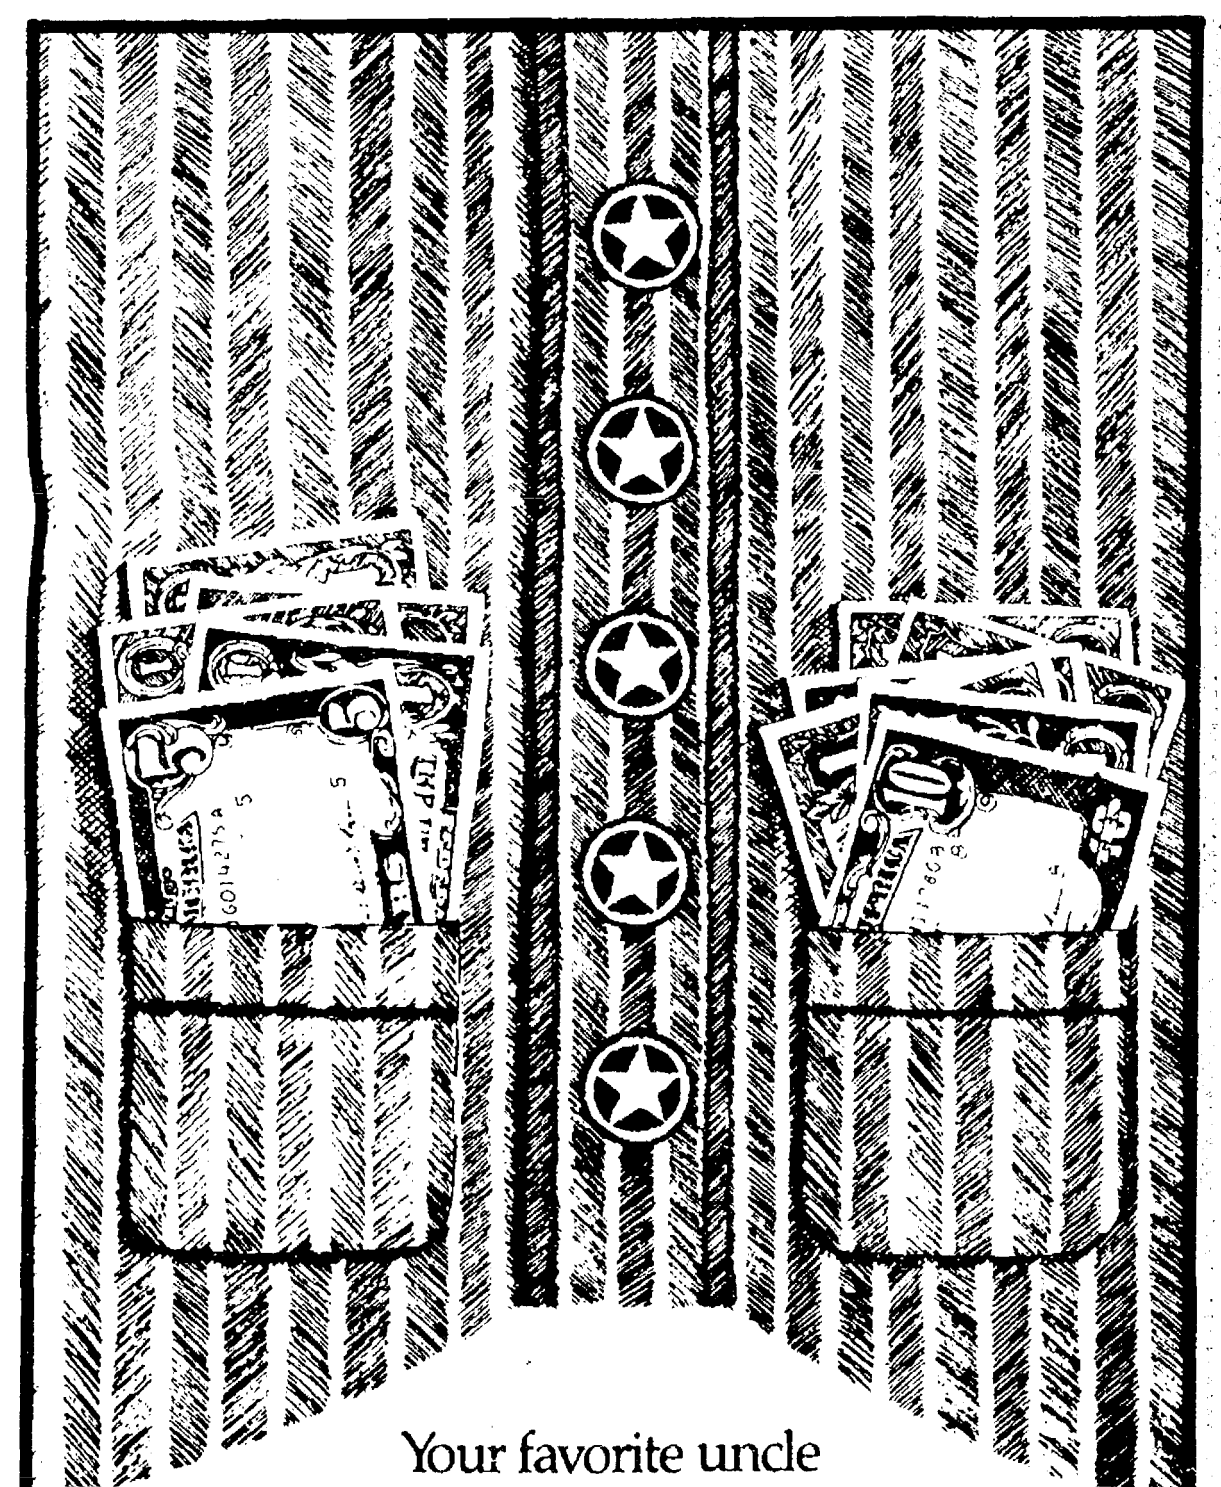

(Continued From Page 1)

DNR Land Resources Division computer and sent letters to both Senators Connie Binsfeld and Mitch Irwin stating his conviction.

Both Senators responded quickly in support of Joyce's rationale. Senator Binsfeld indicated her willingness to have the Act changed to raise the amount to one dollar an acre. On December 15, 1985, Senate Bill 607 was introduced in the Senate and has been referred to the Senate Finance Committee.

If the new bill passes the Senate and House and becomes law, Crawford County stands to benefit approximately \$28,000 more per year. The money is divided according to millage allocations. Nearly half of the amount will go to Crawford Schools with C.O.O.R. receiving a small portion. The county and townships divide the remaining amount.

Anyone wishing to help achieve the passage of S.B. 607 can do so by writing your State Senator a letter supporting this bill.

## WE DO WINDOWS

The other day I was following a truck that had its company name emblazoned in large letters on the back door. But then I spotted a smaller sentence underneath the company's name.

"We Do Windows"

I wanted to stop the driver, get out, and offer congratulations if not hug his neck.

"We Do Windows." You don't see that phrase on many cleaning-service trucks, and you don't hear it from the lips of many people.

What we usually hear is "We DON'T do windows." It has become a slogan that summarizes too well our society. Because "doing windows" (washing and cleaning them) is hard work.

Yet, it is one of the most important jobs in life, both literally and figuratively. Windows in the house need cleaning from time to time; and, windows of the soul need daily cleaning or we end up seeing life totally out of perspective. Everything becomes blurred, and we get wrong signals about people and life.

Cleaning windows gives focus, enabling us to see what life, love, duty and responsibility are all about. Plus, it simply feels good when you can see through clean windows.

Real people do windows. And doing windows make people real.

### Travelogue Thursday Night! Breathtaking Beauty On Multiple Screens

On Thursday evening, February 6th the Crawford AuSable Community Education Program will present the next travelogue of their current Travel and Adventure Series in the Joseph Stripe Auditorium. Doors at Grayling High School will open at 6:45 p.m. and the travelogue will begin promptly at 7:30. Single admission at the door is \$3.50 for everyone.

Thursday evening's travelogue will be the 78th travel film presented by the Community Education Program, and of all those performances, this is the one not to miss. Appearing that evening to present his film in person will be internationally acclaimed photographer and lecturer, Robert Brouwer. The film, entitled "Water's Magic Touch" will be presented on three giant screens by six over-sized projectors. The film is accompanied by stereo music of the finest quality.

Water is a mystifying performer in America's arid lands, providing recreation and determining the cities and towns of the American Southwest. Float along on the crystal clear waters of Lake Mead, Powell and Havasu. Wander through the majesty of Oak Creek Canyon. A fanfare of thunder announces exotic cacti blooms in the Saguaro and Sonora Deserts. Springtime in the desert is brief and breathtaking.

As the snows vanish from Colorado's peaks they reappear in amazing powers that have hewn out the Grand Canyon. See the magic that subterranean water has conjured in the Carlsbad Caverns of New Mexico. The Petrified Forests, Arches National Monument, White Sands and San Antonio are all part of this exciting film. Watch Thursday evening February 6 as the American Southwest comes alive in the Joseph Stripe Auditorium through "Water's Magic Touch" with Robert Brouwer.

### Cheryl Ann Alma Nominated To West Point

Washington, D.C. - U.S. Senator Carl Levin (D-Michigan) announced today the nomination of Cheryl Ann Alma of Frederick to the U.S. Military Academy at West Point, New York.

"One of the rewarding aspects of being a U.S. Senator is the opportunity I have to nominate qualified young men and women to this nation's military service academies," Senator Levin said. "I am pleased to have a role in the education of these fine young people who wish to pursue military careers."

Cheryl, daughter of Michael and Cynthia Alma, attends Grayling High School and is a member of the National Honor Society. She teaches Sunday School and enjoys reading, running, and music.

Screening committees throughout the state were responsible for interviewing applicants and making recommendations to Senator Levin on candidates seeking nominations to the Air Force Academy, Military Academy, Naval Academy and the Merchant Marine Academy.

The applicants were rated on a number of factors, including academic achievement, communication abilities, leadership potential, athletic involvement and motivation. Over 350 applicants statewide were considered for nominations.

### New 4-H Leadermete Feb. 28-Mar. 2

Crawford County 4-H leaders interested in enhancing their leadership and personal skills are invited to attend the "New 4-H Leadermete" Feb. 28-March 2 at Michigan State University.

"We're taking a fresh approach to Leadermete this year," says Judy Ratkos, event coordinator. "The programs and workshops are designed to help 4-H leaders understand and work effectively with young people, cope with changing families, learn conflict management techniques, build self-esteem and develop leadership skills."

The two keynote speakers during the three-day event are nationally recognized educator and inspirational speaker Sue Miller, of Wholemind Works, Inc., and Violet Malone, of the Illinois Cooperative Extension Service. Miller will discuss ways to prepare for the future and help participants strengthen meaningfulness in their lives and the lives of those around them. Malone will discuss leadership styles and skills.

Other highlights of the 1986 4-H Leadermete will be recognition of outstanding 4-H leaders and local programs, (including Crawford County 4-H Leader, Jean Schmidt and the 4-H Swimming Program), round-table discussions and a wide variety of 4-H project skill sessions.

"Leaders can sign up for two sessions in such areas as family folklore, computers, careers, stress, environmental issue, heritage gardening, microwave cooking, photography and club development," says Ann Stephenson, Crawford Co. 4-H Program Assistant. "Registration books are available in the Crawford County Cooperative Extension Service Office."

The cost is \$80 per person and includes registration fee, all meals beginning with Friday dinner and ending with Sunday lunch, and lodging for two nights. Registration deadline is Feb. 14.

For more information about 4-H Leadermete, contact Cooperative Extension Office at 348-2841 ext. 265.

## Kirtland Involved With Small Business Development

Kirtland Community College is involved with many programs and activities related to Economic Development. The unique characteristic about all of Kirtland's activities, however, is how they all fall under one umbrella called "The Center for Small Business Development."

The Center provides continued service to local business and industries in the areas of Quik Start Training, coordinated Area Wide Job Placement, Small Business Management Seminars, Local Labor Market Information-Research, and Conference Services. The Center participates with the AACJC in the Small Business Training Network. Both credit and non-credit programs are offered through the center.

Kirtland has received a \$150,000 W.K. Kellogg Foundation award in cooperation with Alpena Community College and the MSU Cooperative Extension Service. This three year program is assigned to the Center for implementation. The program is designed to help improve the operations of business and industry in northeast lower Michigan.

The Center is comprised of people from three basic areas: administration, teaching staff, and career planning and placement staff. The principal administrator, Dr. Steven B. Perry, is the Dean of Executive Management Services and is a certified industrial devel-

oper, a KCC Economic Developer Team Member, and sits on two PIC Boards. He currently chairs an 8 county Community Growth Alliance Board. The teaching staff varies but represents Career Planning and Placement Services which includes College Job Placement, Quick Start Development, Small Business Facilitating through the Kellogg Grant, Special Projects, such as the current Job Placement contract with Department of Social Services and assessment testing.

The physical makeup of the Center allows it flexibility to adapt to situation changes. This allows Kirtland Community College to

## 1986 Grayling Winter Carnival Celebrates Long Heritage

By Beth Moggo, Project Coordinator

The 61st annual Grayling Winter Carnival kicks off tomorrow night at the Chief Shoppe-nagon Hotel. For many local residents this carnival will bring back memories of days long since gone. Days when snow trains from the southern Michigan cities brought thousands of winter fun seekers to our carnival.

In 1941 our carnival entertained over 9,000 with 2,500 coming on five trains. The year before

the crowd was over 10,000. That year Norberta Weiss reigned over the festivities as the carnival Queen. The spectators were entertained with downhill skiing, tobogganing down the fastest toboggan run in the midwest, and ice skating.

The Queen's ice throne was always a major project and took weeks to build. A major winter carnival event was when the Deckrow brothers rode down the toboggan slide standing on their heads.

We know that our winter carnival started in 1925 and that it was probably the first winter celebration of its kind in the midwest but not much of those first days is still known and few of those pioneers are still alive.

It's very important that we gather our knowledge of the past and preserve it for the future. If you have knowledge or any photographs of those "good old days" please pass it on to us.

In 1986 no snow trains will arrive and no ice

throne will be built and no one will come down the hill on a toboggan standing on their head but there will be loads of fun for spectators and participants alike. Today our carnival boasts the World's only downhill canoe race and snowshoe golf course.

With good planning and participation our winter carnival's of the future will again bring 10,000 people annually, or more. Until then enjoy this year's 61st. Grayling Winter Carnival.

## Citizen of the Year Named At Carnival Kick-off Dinner

At this year's Winter Carnival Kickoff Dinner the Chamber will attempt to honor one of our local citizens with the annual "Citizen of the Year" award. The nominees for this award were presented by the Chamber Board of Directors and the only requirement was involvement by the nominees in any way, shape or manner for the betterment of the entire community. This year's nominees are outstanding citizens and we congratulate them one and all. They include:

John Cherven, Maureen McNamara, Howard Taylor, Norma Naour, Ivan Gwilt, John Alef Jr., Randy Thompson, Irvin McIsaac and John Naour.

State Senator Connie Binsfeld will be the guest speaker at the kickoff dinner. She is a unique and dynamic personality and by no means a typical politician. She cares tremendously about giving her/our district proper and efficient representation in Lansing. If you aren't already familiar with her, you will be pleasantly surprised.

When this goes to print the new Miss Grayling will be chosen to begin her yearlong reign at the winter carnival. The new Miss Grayling and her court will also be introduced at the kickoff dinner. We congratulate the new Queen and her court and look forward to working with her. We extend a special thanks to outgoing Queen Kris Laudenslager. She represented Grayling magnificently and we wish her our very best in

the future.

This year's Winter Carnival Kick-off Dinner will be on Thursday, Feb. 6, 1986. Roast beef with all the trimmings will be served at Chief Shoppe-nagons Motor Hotel at 7 p.m. In addition to the 1986 Citizen of the Year award, guest speaker Senator Connie Binsfeld, and the new Miss Grayling, live entertainment will be presented. Tickets are available at the Chamber Office for \$10 per person.

### Dining Out

If you like Shrimp, you'll enjoy the batter baked Shrimp dinner served at the Arrowhead Inn on the Grayling I-75 Business Loop South. Before you receive your entree you'll delight at the many offerings at the salad bar, almost a complete meal in itself. Accompanying your heaping helping of delicious giant shrimp is a large baked potato with butter and sour cream. The service is good and friendly, the atmosphere is pleasant, and the price is right. I highly recommend the Arrowhead Inn. Enjoy a meal there soon and tell them that the Chamber sent you.

## Welcome To Winter Fun

On behalf of the Grayling Regional Chamber of Commerce and its 250 members, I extend a cordial "Welcome."

Winter is perhaps the most wonderful time of year in Grayling. A time to enjoy the out-of-doors to the fullest as Mother Nature spreads her beautiful white quilt over our forests. Winter is Carnival time also. Grayling has celebrated winter longer than any other community in the midwest. Our winter sports carnival was born in 1925 and has grown and carried on ever since.

The 1986 Winter Carnival will be held at

the Hanson Hills Recreation area on February 8th and 9th. You are invited to join in the festivities. Race down the hill in the world's only downhill canoe race or test your skill at snowshoe golf. Whether a participant or a spectator you can count on having lots of fun.

There is no better place to enjoy winter fun than right here in Grayling, so "enjoy" and come back again real soon.

### Randy Thompson Chamber 2nd Vice President

By Beth Moggo, Project Coordinator

Randy Thompson, lifelong Grayling resident, was elected to the Chamber Board of Directors in June of 1985. He has been an active member of the county business community for many years and is currently a Realtor with his family owned Century-21 Real Estate company.

Randy has been a workhorse in community development. Recently he was instrumental in acquiring the Grayling Depot and he spearheaded its renovation through his presidency in the Grayling Rotary Club.

Randy and his wife Lynn and their three children would be assets to any community. We are proud to have Randy on our Board of Directors.

### Blue Cross/Shield Update

In October of last year we reported that sometime in the first quarter of 1986 the Chamber would be able to offer its members an opportunity to purchase group health insurance through Michigan Blue Cross and Blue Shield. The Blues have reassured us that the offer still stands. They are currently restructuring their benefit price list and the minute they are finished they will make their offer available. We will inform our members promptly.
